

## **Kalimati Speech and Communication Center**

Kalimati "my words" in Arabic, my connection, my communication, my feeling.

Kalimati Speech and Communication Center was born out of a family's desperate need; a need to find quality speech therapy services for their children. A need to find a warm and welcoming setting and environment. A need to have continuous hope, support and optimism. Having a child with a special need is a blessing. Having a center that was created out of love and hope is our aspiration.

### **About Us**

Kalimati Speech and Communication Center was established to fulfill a growing demand for Speech Therapy services in the UAE. We believe that each child is special and our aim is to help your child reach his full potential. The Therapists also work as a team liaising with parents, teachers and medical professionals.

Kalimati Center, with its loving, fun and dynamic environment, provides quality pediatric and adolescent therapy services to help your child get the best care possible.

### **Speech and Language Therapy Services**

Communication is the key to a flourishing life... Conversing, listening, writing, reading and gesturing are key elements in connecting us to the people we love and interact with on a day-to-day basis. In some instances, certain conditions stall the communication process. Speech Therapists are trained to facilitate this process in a pleasant and family oriented setting.

The Speech and Language Therapists at Kalimati are specialized in a healthcare field that deals with the evaluation, diagnosis and treatment of a variety of pediatric and adolescent speech, communication and language disorders. Individual therapy programs can address to: Hearing Impairment, Auditory Verbal Therapy (AVT), Pre & Post Cochlear Implant Rehabilitation, Sign Language, Early Intervention, Language Delay, Articulation and Phonological disorders, Speech and Language disorders, Dysfluencies / Stuttering. Kalimati Speech and Language Therapists can also offer: Parent support, School and nursery consultation visits, Workshops for parents, caregivers, teachers and other professionals, Therapy sessions in Arabic, French and English Languages.
