

## **The American Business Council**

The American Business Council of Dubai and the Northern Emirates (ABC) functions under the auspices of Dubai Chamber of Commerce and Industry and functions as the Dubai Chapter of the US Chamber of Commerce. The ABC represents U.S. business interests in Dubai and the Northern Emirates, while maintaining strong ties with the leadership of the communities in which our members live and work.

The Council is comprised of members from all sectors of business and industry who elect a board of directors annually. This board of directors is responsible for the strategic vision of the organization and for assuring strong alliances with U.S. and UAE government officials, giving greater voice to the membership at-large.

The ABC holds monthly meetings, luncheons and events, allowing for networking and collaboration among members, as well as providing valuable information.
